Labs

- Three lab experiences
 - IPv6 configuration
 - VPN configuration
 - MPLS configuration
- Virtual labs (Crownlabs)
 - 3 live teams + 1 online team
 - Duration: 3h timeslots
- Students interested in following the virtual lab register here:
(Deadline: October 1)

Material

- Polito e-learning portal
 - Slides
 - Recorded lectures

Exam

- **Mandatory:** 1-hour written exam, including 33 multiple-choice questions
 - Correct answer: 1 point
 - Wrong answer: -1/3 points
 - No answer: 0 points
 - Final mark rounded to nearest integer (25 and 1/3 -> 25; 25 and 2/3 -> 26)
- **No Oral Exam**

One more thing... Rules of Communication

- When you write to any of the Professors always state:
 - Your name and matricola number
 - The title of the course (each of us teaches multiple courses)
 - E.g., “I am in your Networks course” is not enough

This will speed up our reply!
- When you register for an exam and cannot attend: unregister or send an email
 - This will allow us to optimize the logistics and to avoid printing additional exam material
- Your exam mark is **final**:
 - Emails asking for:
 - a redress of your mark (e.g., “please add 1.6 points so I can pass, otherwise I lose my scholarship”)
 - an oral exam
 - an extra exam session
 - registration of an exam in a different session
 - ...

will not be answered
